

MentorOS User Guide

Use MentorOS in 6 steps: register people, match them, follow up. Hover over the **i** icon on any card to see a short description of that section.

1. Home page

After signing in, every section is here. Pick the language at the top right (Türkçe / English).

- Press **Open** to enter a section.
- Hover over the **i** icon to see what the section is for.
- Settings you rarely change are inside the **Admin** card.

2. Mentor and mentee registration

You don't enter people yourself; they register through a link.

1. Open **Mentor Registry**.
2. Press **Copy** and share the invitation link, or type e-mail addresses and press **Send**.
3. Whoever fills in the form appears in the list; press **Open** to edit their profile.

Do the same for mentees in **Mentee Registry**.

Mentor Registry

Registered mentors, their profiles and capacity

Mentor Invitation Link

Send this link to prospective mentors. Without signing in they can only fill in the registration form; no other page is visible to them.

https://app.getmentoros.com/register.html?invite=S5_RHmle5LOUMyXTcWZk0w_GaEFTEfN9
Copy
Regenerate

"Regenerate" invalidates the old link immediately. Use it if the link reached the wrong people.

Send by email

alice@company.com, bob@company.com
Send

Separate multiple addresses with commas. Each person receives an email containing the invitation link.

Barış Koç baris.koc.9@ornek.test	Finance & P&L — Kıdemli Uzman	Not assigned to a programme	Finance & P&L Legal & Compliance Commercial / Sales	1 / 3 	Active	07/10/2026 Open

3. Matching

1. Open **Mentee-Mentor Matching** and choose the mentee (or a mentee group).
2. Enter the end date of the match (if the mentee is in a programme, the date comes from the programme).
3. **Match with AI:** AI suggests suitable mentors. **Manual match:** you pick the mentor from the list yourself.
4. Once matched, a shared workspace opens for the mentor and mentee.

Names and e-mail addresses are never sent to the AI.

Mentee Mentor Matching

Choose a mentee, then let the AI suggest mentors or pick one yourself.

1 • MENTEE

☐ Registered mentee

☐ Mentee group

☐ Enter manually

Select mentee

— Select a mentee —

Mentees already working with a mentor cannot be selected. A mentee can only have one mentor at a time.

DURATION OF THE MATCH

End date of the match *

mm/dd/yyyy

The match runs from today to this date. The date appears in the match e-mail and closes the workspace on that day (it stays readable).

2 • MATCHING METHOD

☐ Match with AI

☐ Match manually

Matching note: Mentor names and emails are never sent to the AI. Anonymised profiles are compared against the development need, and every mentor is scored 0-100 with a written rationale. All candidates are shown, ranked.

4. HR Dashboard

Follow all mentorships in one place.

1. For a new match, press **Send match e-mail**; the mentor and mentee get their workspace link.
2. **Meeting Tracking** shows who met, when and for how long (what was discussed is not shown).
3. Mid-programme, use the **Feedback** buttons to send a short question set to the mentor, the mentee or both.
4. When the mentorship ends, ask for the closing survey with **Send Survey**.

5. Announcements and Events

Announcements: Write a subject and message like an e-mail, choose the recipients (mentors, mentees, groups or any addresses), add files if needed and send. Everyone gets their own e-mail.

Events:

1. Press + **New event** and enter the date, time and place or online link.
2. Add participants and send the invitation; they get a calendar invite and answer from their own link.
3. After the event, mark who actually attended.

Events

Group mentoring, coaching, trainings and online sessions. Participants get an e-mail with a calendar invitation and answer with their own link.

6. Reports and Admin

Reports: Choose the Management Report, Survey Results or Events tab, enter a date range and press **Apply**. Save with **Download PDF** or **Download Excel**; downloaded files contain no names.

Admin (the last card on the home page): Programmes, Feedback Questions, Registration Forms and Organisation Settings (logo, default time zone). These are usually set once.

Reports

Management report and survey results. Each report can be downloaded as PDF or Excel.
