

MentorOS Workspace Guide

The workspace is the shared page of a mentor and mentee. Keep your goals, meetings and plan here.

1. Opening the page

Click the link in the match e-mail; no sign-in or password is needed. The mentor and mentee use the same page.

- Press **Copy Workspace Link** and keep the link somewhere safe.
- The page closes on the **Closing** date at the top right; its content stays readable.
- Not sure what to do? Open the **Mentoring Guide**.

2. Development plan

Write down together what the mentorship should achieve.

1. Fill in **Development Goals**, **Development Areas** and **Success Criteria**.
2. If you like, get a draft with **Generate with AI** (if your organisation has it on), then edit it.

3. Press **Save Plan**.

Development Plan

AI can draft this plan based on the mentee's development need. The mentor can review and edit before saving.

Development Goals

Communicate more effectively with stakeholders
Run team meetings independently

Development Areas

Leadership, Communication

Success Criteria

Run 2 team meetings alone within 3 months

A blue button with rounded corners. On the left, there are two yellow stars. To the right of the stars, the text "Generate with AI" is written in white.An orange button with rounded corners. The text "Save Plan" is written in white.

3. Meeting note

Add a short note after every meeting.

1. In **Add Meeting Note**, enter the date, duration (e.g. 01:00) and title; these three are required.
2. Add the agenda, what was discussed and action items if you like.
3. Pick a **Next Meeting Date** and you both get a calendar invite.
4. Press **Save Meeting Note**; the note appears in **Meeting History**.

HR sees only the date and duration of meetings, never the content of your notes.
